

AWARD IN ENVIRONMENTAL, SOCIAL, AND GOVERNANCE (ESG)

NVIRON 2025

INTRODUCTION

This ESG (Environmental, Social, and Governance) training course provides comprehensive knowledge and practical insights into ESG frameworks, reporting standards, regulatory expectations, and integration strategies. The program is structured in two levels:

Basic Module: Foundational understanding of ESG concepts, global frameworks, and stakeholder expectations.

Advanced Module: Application of ESG in business strategy, reporting, materiality analysis, and compliance readiness.

COURSE CONTENT :-

Basic Module:

This foundational module introduces participants to the core principles of Environmental, Social, and Governance (ESG). It covers the evolution and significance of ESG in today's business landscape, global frameworks such as GRI, SASB, and the UN Sustainable Development Goals (SDGs), and the growing expectations from stakeholders, investors, and regulators. Participants will gain clarity on ESG terminology, emerging trends, and how ESG aligns with corporate responsibility and sustainability goals.

Advanced Module:

This module builds on the fundamentals to help participants apply ESG principles in real business scenarios. It focuses on integrating ESG into strategic planning, conducting materiality assessments, identifying and managing ESG risks, and understanding reporting and disclosure requirements across various standards. The module also explores ESG compliance, regulatory frameworks (e.g., SEBI, EU Taxonomy), and approaches to third-party assurance. Through practical examples and case studies, learners will be equipped to lead or support ESG initiatives within their organizations.
