

IOSH MANAGING SAFELY V 5.0

NVIRON 2025

INTRODUCTION

The IOSH Managing Safely certificate is awarded by the Institute of Occupational Health and Safety (IOSH), a Chartered membership body. The course shows you how to implement basic health and safety at work, so you can work to keep your company compliant with International laws while controlling risks and hazards. It's a practical programme, full of step-by-step guidance, and with a sharp business focus.

COURSE CONTENT:

Module 1: Introduction

- Why it is important to manage safely.
- What your role in influencing managing safely is.

Module 2: Assessing Risks

- What is a risk?
- What a risk assessment is.
- How a risk assessment is carried out.

Module 3: Controlling Risks

- How to reduce risks.
- How to decide which risk control to use.

Module 4: Understanding Responsibilities

- What the law requires you to do.
- How the law works.
- What are the key elements of a health and safety management system.

Module 5: Understanding Hazards

- What common hazards are.
- What you can do about common hazards.

Module 6: Investigating Incidents

- Why are incidents investigated?
- Why do incidents happen?
- How to carry out an incident investigation.

Module 7: Measuring Performance

- What performance measurement is about.
- How to measure health and safety performance.
- What auditing is.

Module 8: Project Assignment: A Work-based Risk Assessment

The Project Assignment comprises a Risk Assessment form, which you must complete based on a fictional or real work-place scenario. Your tutor assesses your risk assessment, providing a grade and feedback.

Who Should Attend :-

- Supervisors
- Line Managers
- Team Leaders
- Health and safety professionals looking to advance their auditing skills

Virtual Class Features : -

- **Interactive Online Sessions:** Engaging and comprehensive live classes with expert tutors.
- **Group Discussions & Activities:** Collaborate with peers to discuss real world scenarios and solutions.
- **Practical Exercises:** Hands-on activities to simulate real audit processes.

Key Benefit : -

- Gain an internationally recognized qualification.
- Develop the expertise to conduct effective audits.
- Enhance your career in health and safety auditing.
- Learn from experienced and certified trainers.

ASSESSMENT: -

- One work-based project assignment – essentially this is a Risk Assessment, based on a real-life scenario assessed by your dedicated tutor.
- It must be completed to gain certification. On successful completion of both assessments, you will be awarded an IOSH Managing Safely certificate, which will be sent to you by post and will arrive within 2-3 weeks.

REGISTRATION FEE:
INR 15,000 + GST
