Course Overview:

ISO 45001:2018 is the global standard for Occupational Health and Safety Management Systems. This **Lead Auditor Course**, certified by **CQI IRCA**, equips professionals to:

- Conduct 1st, 2nd, and 3rd party audits against ISO 45001
- Evaluate compliance, effectiveness, and continual improvement
- Lead audit teams and report findings professionally

Learning Outcomes:

By the end of the course, you will be able to:
- Understand the purpose and benefits of OHSMS, audits, and certification.
- Explain the auditor's role per ISO 19011 and ISO/IEC 17021.
- Plan, conduct, report, and follow up OHSMS audits against ISO 45001.
- Apply risk-based audit planning and evidence-gathering techniques.
- Conduct effective interviews and evaluate compliance with legal and other requirements.
- Assess OHSMS processes for leadership, planning, operations, performance, and improvement.
- Prepare clear audit findings, reports, and conclusions.
- Evaluate corrective actions and ensure continual improvement.
- Demonstrate professional auditor conduct in line with CQI/IRCA standards.

What's Included:

- Digital Course Handbook & Workbook
- Access to Learning Management System (LMS)
- Case Studies, Audit Templates, and Checklists
- Pre-Assessment Readiness Guide
- CQI IRCA Exam Preparation
- Post-Course Tutor Support
- Globally Recognized Certificate

Who Should Attend?

- HSE Managers and Professionals
- Internal Auditors and QHSE Staff
- Consultants and Compliance Officers
- Individuals seeking IRCA Auditor Certification
- Professionals involved in ISO 45001 Implementation

What You Will Learn:

On completion, successful delegates will have the knowledge and skills to:

Knowledge

- Explain the purpose of an Occupational Health & Safety Management System (OHSMS), OHSMS standards, management system audits, third-party certification, and the business benefits of improved OHSMS performance.
- Explain the role of an auditor in planning, conducting, reporting, and following up an OHSMS audit in accordance with ISO 19011 and, where applicable, ISO/IEC 17021.

Skills

- Plan, conduct, report, and follow up an audit of an OHSMS to determine conformity (or otherwise) with ISO 45001, and in accordance with ISO 19011 and ISO/IEC 17021 where appropriate.

Eligibility & Requirements:

To get the most from this CQI/IRCA Certified ISO 45001:2018 OHSMS Lead Auditor course, delegates are expected to have:

1. **Prior Knowledge of:**

- Occupational health & safety management principles and concepts, including hazard identification, risk assessment, risk control, and compliance with legal and other requirements.
- The relationship between OHS management and safe workplaces, prevention of work-related injury/ill health, and continual performance improvement.
- The requirements and key terms of ISO 45001:2018 (may be gained through completing a CQI/IRCA Certified ISO 45001:2018 Foundation course or equivalent).
- Common examples of relevant national and local OH&S legislation and requirements.

2. **Recommended Background:**

- Experience in occupational health & safety or management system auditing is beneficial but not mandatory.

3. **Language Proficiency:**

- Ability to read and comprehend the course materials and examination in English language.
